Sikafloor® Marine-570

COLOR DESIGN FOR PASSENGER SHIPS

Sikafloor® Marine-570

For passenger ships

Design and personalize your teak deck with Sikafloor® Marine deck systems. Choose from a wide variety of different wooden colors and different caulking adhesives to create your own ambiance on board. Classic teak deck caulking structure or any other pattern you like, with Sikafloor® Marine teak deck system you have complete freedom of design.

Sikafloor® Marine-570 DecoTeak

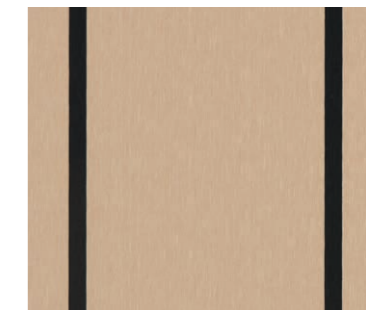

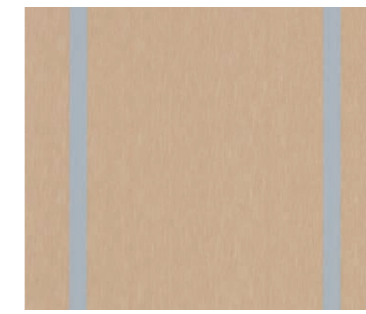

The Sikafloor® Marine-570 synthetic teak layer offers many advantages for the user as well as for the professional applicator during its service life and the application process:

- Two part, PU resin
- Solvent free
- Self levelling
- Very low VOC emission
- Permanently elastic
- Good mechanical resistance
- Easy to apply
- IMO approved

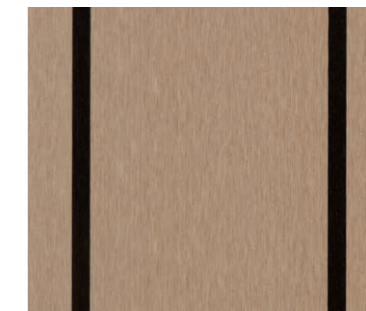

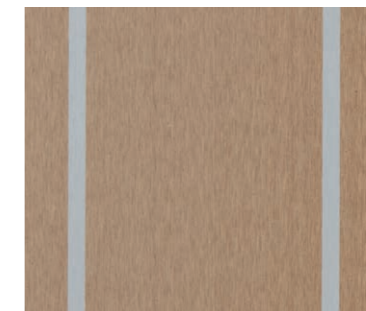

The Sikafloor® Marine Deco Teak systems have already proven to be amongst the best in class products due to their ease of installation, low weight, better acoustical performance, excellent aesthetics and comfort.

Sikafloor® Marine Deco Teak can either be liquid applied or applied as a prefabricated solution which opens the door widely for playful designs and the implementation of logo's in the synthetic deck.

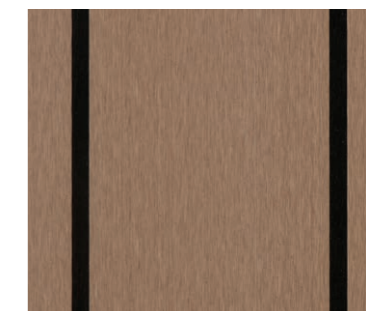

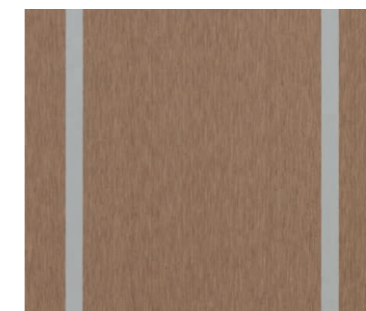

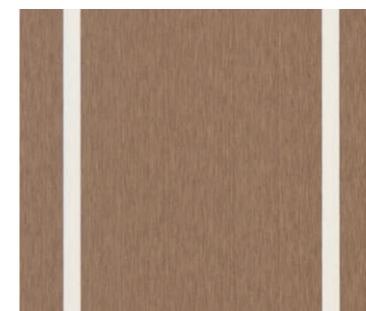

Sikafloor® Marine Deco Teak is designed to be installed on Cruise ships, Mega Yachts, commercial boats, leisure boats, tenders and many more marine vessels.
