

PRODUCT DATA SHEET

SikaProof® Tape-160 AP

Sand cover strip

DESCRIPTION

SikaProof® Tape-160 AP is a sand cover strip, which is mainly made of polyolefin, resin and other polymer materials and has permanent non curing characteristics; It is a neutral sealing tape composed of sand, hot melt adhesive, PET film and PE release film.

USES

Sealing and bonding cover strip, connections and details within the SikaProof®-612 or SikaProof®-615.

CHARACTERISTICS / ADVANTAGES

- Excellent chemical resistance
- No flowing at high temperature
- No cracking at low temperature

PRODUCT INFORMATION

Packaging	4 rolls in box
Shelf Life	Under normal transportation and storage conditions, the shelf life is 12 months from the production date.
Storage Conditions	Product must be stored in original unopened and undamaged sealed packaging in dry conditions and temperatures below 30°C. Store in a horizontal position. Do not stack pallets of the rolls on top of each other, or under pallets of any other materials during transport or storage. Prevent tilting or side pressure during transportation, and cover the tablecloth if necessary. Always refer to packaging.
Appearance / Colour	White / transparent
Top Surface	White sand
Bottom Surface	PE release liner with Sika logo
Length	25 m / roll
Width	160 mm
Thickness	1.2 mm

SYSTEM INFORMATION

System Structure	SikaProof® Tape-160 AP is a system component for sand cover strip of the SikaProof® membrane system. For more detailed information, refer to Sika® Method Statement: SikaProof® System
-------------------------	--

Compatibility

For materials in direct contact (such as any synthetics etc.) the compatibility must be evaluated before full project application. Contact Sika® Technical Services for more information.

BASIS OF PRODUCT DATA

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

ECOLOGY, HEALTH AND SAFETY

This product is an article as defined in article 3 of regulation (EC) No 1907/2006 (REACH). It contains no substances which are intended to be released from the article under normal or reasonably foreseeable conditions of use. A safety data sheet following article 31 of the same regulation is not needed to bring the product to the market, to transport or to use it. For safe use follow the instructions given in the product data sheet. Based on our current knowledge, this product does not contain SVHC (substances of very high concern) as listed in Annex XIV of the REACH regulation or on the candidate list published by the European Chemicals Agency in concentrations above 0,1 % (w/w).

APPLICATION INSTRUCTIONS

APPLICATION

- Clean the substrate to prevent the surface from being dirty and affecting the bonding effect.
- Tear off the release film of the required size and thickness, adhere it to the application part and compact it.

LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the performance of this product may vary from country to country. Please consult the local Product Data Sheet for the exact description of the application fields.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
